

# BLIND BOX

100 x 100

## Seamless Integration, Simplified Installation

Blind Box provides a universal recessed housing that's designed to work seamlessly with your retracted Blinds, offering a refined, fully integrated solution for modern interiors. Designed for installation to a completed shell before ceiling construction, Blind Box conceals retracted blinds within a sleek aluminium profile that also defines the ceiling perimeter – creating one continuous, architectural line.

### Blind Box 100 x 100 with Cover Plate

3000mm Length  
RAL 9010 (white)

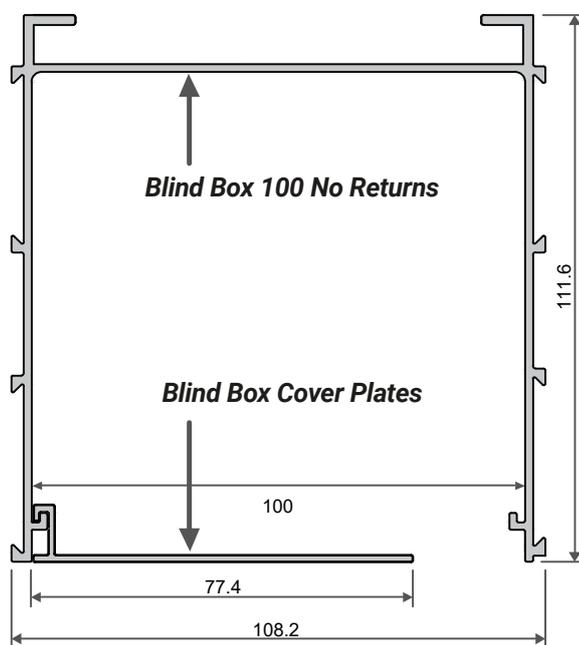

#### Joining Cleat

(For joining lengths  
of Blind Box together)
